Sensex 54647.33 ↑(2.29%)

Nifty 16345.40 ↑(2.07%)

Thursday, March 10, 2022

Supp.	Resist	Pivot
16122	16680	16251
16000	16850	

A green candle followed by bullish engulfing pattern on the daily chart indicates positive stance in the index. The index is trading below all moving averages except 7 DEMA. Selected momentum indicator RSI has seen with positive sign. The nifty is expected to open in gap up note and remain volatile on back of states election results. Therefore we suggest to adopting stock specific approach for a day.
